The **driver profile** is a basis for creating your profile and storing your data. When you register for each competition, you can use it without refilling everything, which will save you time. This is **not** a registration.

The Driver profile is done once for all the season, you don't have to do it again. For any other registration in the FIA EHC, you can skip this step and go directly to «New Registration» to select the competition and fill in some missing information (Paddock information, Entry fees, ICE Contact, Declarations).

Comments on your registration entry EHC.2059 St Jean du Gard - Col St Pierre (FRA) 10.04:

Dear

Welcome back to the European Championship. It will be great to have you as competitor in !!

May I ask you to contact your ASN about your International Licence Grade? The FIA has changed the International Licence system from .

In FIA Hill Climbs, drivers/competitors must be holder of an International Licence Grade D for Road (ITD-R or eventually ITC-R) in Category 1 and an International Grade C for Road (ITC-R) in Category 2.

Could you please contact your ASN urgently to update your International licence?

Please let us know asap if any issues.

Thank you and Best Regards,
FIA Hill Climb Department

Important notes:

- The **payment** has to be done directly to the organiser, not the FIA.
The information regarding the fees and modes of payment is detailed in the Registration Form, part «Entry Fees».
- You have to register to each competition separately, one by one. There isn't any registration for the whole Championship.

Thank you !
